

THE 121: Theatre Production-Performance

Theatre Production-Performance is open to all students by audition. Students participate in an acting capacity in Theatre program productions. The Theatre Production-Performance student actor is expected to define and practice professional etiquette in an educational theatre setting. Student actors are also expected to meet required standards for developing a methodology for creating a role in a theatrical production for public performance. The Theatre Production-Performance student is expected to perform the duties typically associated with his/her assigned role in a manner consistent with legitimate, professional theatre. Rehearsal expectations of students enrolled in this course are modeled after Actor's Equity Association guidelines, which can be found at www.actorsequity.org. Attendance at scheduled meetings, evening rehearsals, and performances is mandatory, with specific requirements being based upon students' individual assignments. Required for majors.
