

MSC 101/2L, 201/2L, 301/2L, 401/2L: Military Science Lab

These Labs reflect tactical tasks at the individual, squad, and platoon level brought all together into field training environment. The course is designed to be taught from a novice level to a level that meets the standard for Cadet Summer training. Cadets will have exposure to drill and ceremony, marksmanship, first aid, obstacle course, and water survival training. Expect to be challenged in the use of tactics and techniques while using paintball or airsoft equipment. The labs are delivered in a sequence to support cadet preparation of Cadet Basic and Advanced Camp taught during the summer at Fort Knox, KY as a paid internship. Cadets can expect to spend some Thursday labs at the Whitten Center, a training area of over 150 acres with a Military Land Navigation course built by a Special Forces Green Beret. There are two overnight exercises in which cadets will demonstrate their knowledge of field craft and the application of the tactics and techniques they have been taught.

Notes:

Notes

MSC 101/2L (open to all students, mandatory for contracted/ scholarship cadets) co-requirement MSC 101/2

MSC 201/2L (open to all students, mandatory for contracted/ scholarship cadets) co-requirement MSC 201/2

MSC 301/2L (Approved by campus Military Science Professor) co-requirement MSC 301/2

MSC 401/2L (Approved by campus Military Science Professor) co-requirement MSC 401/2

Labs meet once a week at Presbyterian College or the Whitten Center
