

Physical Examination

All new students are advised to have a physical examination prior to enrollment at Newberry College. Student athletes are required to submit proof of a physical examination prior to the first practice.

Health insurance is strongly recommended for all students and required for athletes. Athletes may purchase insurance through Newberry College.

The Medical Health Forms, located in Wolf Den (Students > Health & Counseling), are required, along with a copy of the student's immunization record. Complete the health forms and email them to healthservices@newberry.edu prior to the start of classes.

In addition, all students must submit proof of a Tuberculosis test dated within the past year. Newberry College accepts the one step skin test (PPD) or the blood test (QuantiFERON).
